This certificate confirms the asset above was owned by the UK Ministry of Defence and that the information contained within was correct at time of the asset leaving service.

The UK MoD is not responsible for any modification to this asset after the asset left Service.

This certificate replaces the MOD Form 654 in its entirety.

This certificate is issued as evidence of the Asset's date of entry into service and should be passed to the new owner of the Asset at transfer of title.

If you wish to apply to register and licence the vehicle for road use please submit this DISC-O to the DVLA with your vehicle registration application.

This Document must be kept with the asset as supporting evidence of its provenance. Should you wish to obtain a new copy or query any of the information, please find DESA on-line on www.gov.uk.
